Gender Expression- The collection of ways one conveys gender identity to others, including appearance, behavior, dress, speech, and mannerisms. Gender expression may be the same as or different from the gender one was assigned at birth. Regardless of gender identity, people can exhibit a range of gender expressions.

Gender Identity- Gender identity is an individual's internal, personal sense of his/her own gender, which is communicated to others by his/her gender expression, appearance, identity or behavior, regardless of the individual's birth-assigned gender.

Gender Nonconforming- Individuals who display traits that are not stereotypically associated with their birth-assigned gender. Gender nonconforming individuals may identify as male, female, transgender, trans, androgynous, agender, and other gender descriptors.
Intersex- An individual who's sexual or reproductive anatomy or chromosomal pattern does not seem to fit typical definitions of male or female. Intersex medical conditions are sometimes referred to as disorders of sex development.

"Pat" or "Frisk" Search- A search of a person's clothes, including the frisking of his/her body, the examination of his/her pockets and any hand-carried items (i.e. purses, books, papers, etc.), shoes and head covering. Frisking is defined as running the hands rapidly over the body in an attempt to locate a hidden item in or under the clothing.

PREA- The purpose of the Prison Rape Elimination Act of 2003 is to provide for the analysis of the incidence and effects of prison rape in Federal, State, and local institutions and to provide information, resources, recommendations and funding to protect individuals from prison rape.

Probable Cause- The existence of facts and circumstances which would lead a person of reasonable intelligence and prudence to believe that a crime has been committed.

Reasonable Suspicion- A reasonable belief, based either upon a Deputy's personal observations or upon reliably reported or communicated information, that a person has committed, is committing, or is about to commit a crime.

Sex- The physical anatomy and underlying chromosomal and hormonal biology that determines whether someone is male, female, or intersex.

Strip Search- A search that requires a person to remove or arrange some or all clothing so as to permit a visual inspection of the person's breasts, buttocks, or genitalia.

Transgender- A person whose gender identity (i.e., internal sense of feeling male, female, or another gender) is different from the person's assigned gender at birth.

Transition- A term many transgender persons use to refer to a process of disassociating with one's birth-assigned gender. Transition includes some or all of the following: Making personal, legal and medical adjustments; telling one's family, friends, and/or co-workers; changing one's name and/or sex on legal documents; undergoing hormone therapy; and possibly (though not always) undergoing one or more forms of surgery.

II. Guidelines for Field Operations

A. All enforcement actions such as traffic stops, field contacts, searches and seizures, and asset seizure and forfeiture efforts by Deputy Sheriffs will be based on a standard of reasonable suspicion or probable cause as required by the Fourth Amendment of the U.S. Constitution and statutory authority. Dallas County Sheriff's Department personnel will:

1. Respectfully treat transgender/ intersex/ gender nonconforming individuals in a manner appropriate to the individual's gender expression.

2. Use pronouns as requested by the individual (e.g., "she, her, hers, ma'am, Ms., etc.") for an individual who self-identifies as a female; ("he, him, his, sir, Mr., etc.") for an individual

B. Dallas County Sheriff's Department employees WILL NOT:

1. Stop, detain, frisk, or search any person in whole or in part for the purpose of determining that person's gender or in order to call attention to the person's gender expression.

2. Use language that a reasonable person would consider demeaning or derogatory, in particular, language aimed at a person's actual or perceived gender identity or expression or sexual orientation.

3. Consider a person's gender identification as reasonable suspicion or prima facie evidence that the individual is or has engaged in a crime, including prostitution.

4. Disclose an individual's transgender/intersex/gender nonconforming identity to other arrestees, members of the public, or non-department members, absent a proper law enforcement purpose.

5. Subject transgender/intersex/gender nonconforming persons to more invasive search or frisk procedures than non-transgender persons.

**Note:** When a pat down search or frisk for weapons is necessary for officer safety, it may be conducted by an officer of either gender.

6. If a transgender/intersex/gender nonconforming individual is arrested, the following search procedure for weapons and/or contraband will be followed:

   a. If the transgender/intersex/gender nonconforming arrestee identifies herself as a woman, a female deputy will be requested to come to the location to conduct the search.

   b. If a female deputy is not available, the arresting deputy will request a female officer from the Intake Division to meet them in the Sallyport to conduct a search.

C. Documenting transgender/intersex/gender nonconforming individuals:

1. Employees will document the individual's legal name and legal gender on all legal documents to include citations, offense and/or accident reports, affidavits, and booking paperwork. The legal gender may not necessarily match the gender assigned at birth.

3. Transgender/intersex/gender nonconforming individuals will not be subject to a more invasive pat search.

4. Detention personnel WILL NOT conduct a strip search on an individual to determine the gender or sex. Strip searches are only conducted upon written request from an officer who possesses reasonable suspicion of contraband being in the possession of an inmate/prisoner processing into Central Intake. No inmate/prisoner will be strip searched by Dallas Sheriff’s Department employees without a strip search request form or court order. The form or the court order must be reviewed by the on-duty supervisor in Central Intake prior to the search being conducted.

5. If a strip search is conducted due to reasonable suspicion of contraband, transgender/intersex/gender nonconforming individuals will be able to elect to be strip searched by a male or female officer. The "Search Preference and Preferred Gender Form" will be completed. This form will be signed by the individual and will be attached to the arrestee's file/buffcard. The on-duty supervisor must be present during the search.

B. Once ALL prisoners have been processed and searched, they will be interviewed by the medical staff to address any medical problems, medical history, medication/prescriptions and/or psychological needs.

1. If the medical staff is made aware the individual is transgender, intersex, or gender nonconforming, the medical staff will stamp the book-in sheet with Medical Assessment Program, "MAP". This is to ensure the transgender/intersex/gender nonconforming individual will meet with a medical provider before he/she is assigned a housing location and to ensure he/she receives the necessary emotional care, medication, and medical care during incarceration.

It is understandable if the individual did not feel comfortable to advising the medical staff or the officers, or assumed the medical staff or the officers had knowledge of his/her transgender/intersex/gender nonconforming status. If an officer observes primary sexual characteristics inconsistent with the individual's legal gender or other
indications that the individual may be transgender/intersex/gender nonconforming, the officer will stop the process immediately and step out and notify the supervisor in a discreet and professional manner.
